But who's the real VAMPIRE? - DETSUBOS? $CAMH?

They made a KILLING in WWII spinning it, for the FASCIST EMPIRE:

For all anyone knew, they were STILL FASCISTS. They were behind the Japanese Government's scampaign to "spin" the FUKUSHIMA DISASTER into something (literally) PALATABLE, by making everybody eat RADIOACTIVE FOOD.

Could they be trusted? Could $CAMH?

Just BELIEVE!
